Independent Auditors' Report

Board of Trustees
Marble Falls Independent School District
Marble Falls, Texas

Members of the Board:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Marble Falls Independent School District (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Marble Falls Independent School District as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 through 19, the budgetary comparison schedules and the TRS Schedules on pages 77 through 84 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements and the required TEA schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Texas Education Agency requires school districts to include certain information in the Annual Financial Report in conformity with laws and regulations of the State of Texas. This information is in Exhibits identified in the Table of Contents as J-1, J-2 and J-3. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 4, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Marble Falls Independent School District MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Marble Falls Independent School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2019. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total combined net position was \$20.98 million at June 30, 2019, compared to \$17.7 million at June 30, 2018 (see Table A-1).
- The District has assigned \$165,406 of the general fund balance for the completion of a new transportation facility. The total cost of the project is approximately \$2.84 million

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 25 and 26). These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise. Fund financial statements (starting on page 28) report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. The remaining statements, fiduciary statements, provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the district.

The notes to the financial statements (starting on page 37) provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements.

The sections labeled TEA Required Schedules and Federal Awards Section contain data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

Reporting the District as a Whole

Government-Wide Statements

The Statement of Net Position and the Statement of Activities are considered to be government-wide statements. The government-wide statements report information about the District as a whole using the accrual basis of accounting. This method of accounting is used by private-sector companies. The statement of net position includes *all* of the government's assets, deferred outflows, liabilities and deferred inflows. The District's assets and liabilities are reported whether they serve current year or future years. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as grants provided by the U.S. Department of Education (program revenues), and revenues provided by the taxpayers or by Texas Education Agency (general revenues).

The two government-wide statements report the District's net position and how it has changed. Net position—the difference between the District's assets and deferred outflows of resources less liabilities

and deferred inflows of resources—is one way to measure the District’s financial health or position.

- Over time, increases or decreases in the District’s net position are indicators of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District’s average daily attendance, property tax base and the condition of school buildings and other facilities.

The government-wide financial statements of the District are described as follows:

- *Governmental activities* - Most of the District’s basic services are included here, such as instruction, transportation, extracurricular activities, curriculum and staff development, health services, and general administration. Property taxes, state funding and federal grants finance most of these activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements provide more detailed information about the District’s most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and by bond covenants. The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues.

The District has two kinds of funds:

- *Governmental funds*—Most of the District’s basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District’s programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- *Fiduciary funds*—The District is the trustee, or *fiduciary*, for assets that belong to others, such as the scholarship fund and the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. We exclude these activities from the government-wide financial statements because the District cannot use these assets to finance its operations. All of the District’s fiduciary activities are reported in the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Fund Net Position on pages 35-36.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental and business-type activities.

Net position – The District's governmental activities increased \$3.3 million from the previous fiscal year. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, was a negative \$12 million at June 30, 2019. This increase in governmental net position was a combination of an increase in cash position resulting from a \$55 million debt issuance and continued increases to capital assets for the construction of school facilities and acquisition of equipment that slightly exceeded the debt associated with it.

NET PENSION LIABILITY (GASB 68)

During fiscal year 2015, the District adopted GASB Statement No. 68 for Accounting and Reporting for Pensions. With GASB 68, the District must assume their proportionate share of the Net Pension Liability of the Teacher Retirement System. The District's net pension liability at year end totaled \$14.1 million.

NET OPEB LIABILITY (GASB 75)

During fiscal year 2018, the District adopted GASB Statement No. 75 for Accounting and Reporting for Postemployment Benefits Other Than Pensions (OPEB). With GASB 75, the District must assume their proportionate share of the Net OPEB Liability of the Teacher Retirement System which at year end totaled \$17.8 million.

General Fund Budgetary Highlights

The District's governmental funds (page 28) reported a combined fund balance of \$76 million, which is \$52.7 million more than the prior year's total of \$23.3 million. Included in this year's total change in fund balance is a decrease of \$1.7 million in the District's General Fund for the construction of a transportation facility and technology leases. The Debt Service fund balance increased \$1.8 million due to property tax increases. Capital Projects fund balances increased \$50.5 million for the construction of multiple bond projects related to the 2019 bond issue. Lastly, School Nutrition fund balance increased an additional \$.1 million as a result of increased revenues.

Budget amendments are presented to the Board of Trustees at regularly scheduled meetings. Each budget amendment must be approved by the Board and reflected in the official minutes of the Board before overspending in any functional category.

Additional budget considerations were approved during the year to amend the original budget. These additional considerations included the following:

- \$1.7 transfers to capital projects for the construction of the transportation facility.
- \$740,200 in technology leases not originally in the budget.
- Supplemental appropriations and amendments approved after the beginning of the year to revise the budget from estimated adopted amounts resulting from the unavailability of certified property values at June 30, 2018.
- Increases in State funding and decreases in recapture for changes in average daily attendance.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2019, the District had invested approximately \$90.2 million in a broad range of capital assets, including land, equipment, buildings, and vehicles. (See Table III.) This amount represents a net increase (including additions and deductions) of \$2.6 million primarily to due to purchasing three new buses, equipment and continued construction of transportation facility. More detailed information about the district's capital assets activity is presented in Note D of the Notes to the Financial Statements.

Table III
Marble Falls Independent School District

Capital Assets

	Governmental Activities	
	2019	2018
Land	\$ 4,138	\$ 4,132
Buildings and Improvements	120,030	120,030
Furniture and Equipment	10,632	10,430
Construction in Progress	6,698	1,071
Total at Historical Cost	141,498	135,663
Total Accumulated Depreciation	(51,335)	(48,083)
Net Capital Assets	\$ 90,163	\$ 87,580

Long-Term Debt

The District had \$106.9 million in bonds outstanding versus \$60.1 million last year. At June 30, 2019 the District requires \$153,252,719 (including principal, interest due and accreted interest) through 2040 to retire all of its outstanding general long-term bonds. The debt service fund currently has \$11,183,466 restricted in fund balance for the retirement of this indebtedness.

The District levied a debt service tax rate of \$0.2153 during the 2018-2019 fiscal year to fund a portion of the principal and interest payments on bonded indebtedness. The District's debt service is primarily paid by local tax revenues in the form of property taxes and investment earnings. More detailed information about the District's debt is presented in Note H of the Notes to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND TAX RATES

The District foresees stable growth in student enrollment for fiscal year 2020.

At the local level, property values continue to increase at significant rates. The District experienced a 6.8% increase in taxable property values. The passage of HB3 from recent legislation significantly changed the impact of the relationship between property values and funding changes. There is still a lot of uncertainty as to how this legislation has impacted the district revenues. It is anticipated that state funding for 2021, will remain relatively flat unless there is an increase in student growth.

The District maintains a healthy fund balance both for operational and debt purposes. The Board approved the maintenance and operations tax rate for the 2019-2020 fiscal year of \$.9833 and a debt service rate of \$0.2153 for a total of \$1.1986.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's business office, at Marble Falls Independent School District, 1800 Colt Circle, Marble Falls, Texas 78654.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
JUNE 30, 2019

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$	75,986,389
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets were \$135,663,539 and the accumulated depreciation was \$48,083,595. The net effect of including the beginning balances for capital assets (net of depreciation) in the governmental activities is to increase net position. Note: Beginning Balances related to TRS are NOT included in this amount.		87,579,944
2 Current year capital outlays are expenditures in the fund financial statements, but they should be shown as increases in capital assets in the government-wide financial statements. The net effect of including the 2019 capital outlays is to increase net position.		6,320,457
3 Current year retirements and adjustments are not recognized as an income or expense in the fund financial statements. The net effect of these recognitions and adjustments is to decrease net position.		(68,636)
4 The 2019 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.		(3,668,297)
5 Long term debt (net of deferred amount on refunding & unamortized premium on bonds) issued by governmental activities is not a current liability and therefore not reported as long term debt on the Statement of Net Position. The net effect of recording the beginning of the year value of all long term debt outstanding is to decrease net position. Note: Beginning Balances related to TRS are NOT included in this amount.		(66,573,308)
6 The District acquired two, three year capital leases that are shown as other financing sources in the fund financial statements. Current payments are viewed as expenditures in the governmental funds, but are treated as reductions of capital leases on the Statement of Net Position. The net effect of the new leases and current payments towards these leases is to increase net position.		14,299
7 Current year bond issuance series 2019 is not reported as a liability on the governmental fund financials, but as an other financing source like revenues. The face of the bond (\$51,880,000) and it's premium (\$3,857,732) are reclassified as long-term debt and unamortized premium on bonds. This reclass reduces overall net position.		(55,737,732)
8 Long term debt payments are expenditures in the governmental funds, but are treated as reductions of long term debt on the Statement of Net Position. The net effect of reducing long term debt is to increase net position.		4,799,551
9 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. At the beginning of the year, the net position related to TRS was a Deferred Resource Outflow in the amount of \$7,149,920, a Deferred Resource Inflow in the amount of \$836,822 and a net pension liability in the amount of \$14,078,342. The impact of this on Net Position is \$(7,765,244). Changes from the current year reporting of the TRS plan resulted in a decrease in net position in the amount of \$(1,110,690). The combination of the beginning of the year amounts and the changes during the year resulted in a difference between the ending fund balance and the ending net position in the amount of \$(7,765,244) .		(7,765,244)

The notes to the financial statements are an integral part of this statement.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
JUNE 30, 2019

EXHIBIT C-2

10 Included in the items related to det is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75 in the amount of \$17,788,281, a Deferred Resource Inflow related to TRS OPEB in the amount of \$1,458,509 and a Deferred Resource Outflow related to TRS OPEB in the amount of \$5,723,999. This amounted to a decrease in net positon.	(22,053,771)
11 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue. The net effect of these reclassifications and recognitions is to increase net position.	2,147,085
19 Net Position of Governmental Activities	<u>\$ 20,980,737</u>

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

A. Summary of Significant Accounting Policies

The basic financial statements of Marble Falls Independent School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide ("Resource Guide"). The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

1. Reporting Entity

The Board of School Trustees ("Board"), a seven-member group, has governance responsibilities over all activities related to public elementary and secondary education within the jurisdiction of the District. The Board is elected by the public and has the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency ("TEA") or to the State Board of Education are reserved for the Board, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The District receives funding from local, state and federal government sources and must comply with the requirements of those funding entities. However, the District is not included in any other governmental reporting entity and there are no component units included within the District's reporting entity.

2. Measurement Focus, Financial Statement Presentation, and Basis of Accounting

a. Financial Statement Presentation

Government-wide Financial Statements: The statement of net position and the statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Debt Service Fund – Accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds. This is a budgeted fund.

Bond Fund - Fund that accounts for proceeds from the sale of the Unlimited Tax School Building Bond Series 2019 related to authorized construction and other capital asset acquisition.

In addition, the District reports the following fund types:

Special Revenue Funds – Accounts for resources to, or designated for, specific purposes by the District or a grantor. Most Federal and some State financial assistance is accounted for a Special Revenue Fund and sometimes unused balances must be returned to the grantor at the close of specified project periods. The National Breakfast and Lunch Program fund is the only required budgeted special revenue fund. For all other funds in this type, project accounting is employed to maintain integrity for the various sources of funds. The following is a list of non-major Special Revenue funds used by the district:

Title I – Improving Basic Programs – funds allocated to improve the teaching of children who are at risk of not meeting challenging academic standards and who reside in areas with high concentrations of children from low-income families.

IDEA B Formula – funds granted on a project basis, to operate educational programs for children with disabilities.

IDEA B Preschool – funds granted on a project basis, for preschool children with disabilities.

IDEA B Discretionary Evaluation Capacity – funds allocated to provide improved access to highly trained evaluation personnel for the completion of evaluations for eligibility for special education services.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

National Breakfast and Lunch Program – funds granted by the National School Lunch Program, the National School Breakfast Program and donated commodities received for the Food Distribution Program.

Summer Feeding Program – funds received from the Department of Human Services that are awarded for meals provided to the community based on the average number of daily participants.

Career and Technical Basis Grant – funds provided for purposes of vocational-technical education.

Title II Part A Teacher and Principal Training and Recruiting – financial assistance to 1) increase student academic achievement through improving teacher and principal quality and increasing the number of highly qualified teachers in classrooms; 2) hold local education agencies and schools accountable for improving student academic achievement.

Title III Part A English Language Acquisition – funds granted on a project basis to improve the education of limited English proficient children, by assisting the children to learn English and meet challenging academic achievement standards.

Title V Part B Rural and Low Income – funds granted on a project basis to increase student academic achievement and decrease student dropout rates of students from families with income levels below the poverty line.

Medicaid Administrative Claiming – federal grants to states for a proportion of expenditures for medical assistance under an approved Medicaid state plan.

STOP School Violence – funding to provide training to staff and resources to educate students in an effort to reduce school violence.

Title IV Part A, Subpart 1 Student Support and Academic Enrichment – funding to improve students' academic achievement by increasing the capacity of local educational agencies to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology to improve the academic achievement and digital literacy of all students.

21st Century Community Learning Centers – funding to create community learning centers that provide academic enrichment opportunities during non-school hours for children, particularly students who attend high-poverty and low-performing schools.

Visually Impaired SSVI – funding to support students with visual impairments so that they may receive an educational experience equal to their sighted peers, in order to gain academic excellence.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

Advanced Placement Incentives – funds designated to assist districts and schools with enhancing their programs for advanced level students.

Instructional Materials Allotment – funds awarded to schools under the textbook allotment.

Teacher Achievement – funds appropriated by the State to pay stipends to teachers at the kindergarten through third grade level, who successfully complete mathematics and literacy achievement academies.

Campus Activity Funds – funds raised from fundraising and used for transactions related to a principal’s activity fund.

Grow Your Own Grant – a shared service arrangement to develop college course work within our community with our local colleges to educate, recruit and retain teachers after they complete the courses of study.

Education Foundation Grant – funds given in the form of grants to teachers with innovative ideas and projects that support student achievement.

Capital Projects Funds - non-major, unbudgeted funds that account for proceeds from long-term debt financing and revenues and expenditures related to authorized construction and other capital asset acquisition. The district is currently accounting for the construction of a transportation facility that is being financed from the general fund balance through transfers to the capital projects funds.

Private-Purpose Trust Funds: These funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments not reported in other fiduciary fund types.

Agency Funds: These funds are used to report student activity funds and other resources held in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Fiduciary funds are reported in the fiduciary fund financial statements. However, because their assets are held in a trustee or agent capacity and are therefore not available to support District programs, these funds are not included in the government-wide statements.

b. Measurement Focus, Basis of Accounting

Government-wide and Fiduciary Fund Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

3. Financial Statement Amounts

a. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Allowances for uncollectible tax receivables within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

statutory authority from the Texas Legislature.

b. Inventories and Prepaid Items

Inventories of supplies and plant maintenance on the balance sheet are valued at cost determined on a weighted average method, and offset with a corresponding fund equity reserve. These inventory items are accounted for on the consumption method whereby expenditures are recorded when they are consumed. Food commodities, on the other hand, are recorded at market values supplied by the Texas Department of Human Services. Supplies are used for almost all functions of activity, while food commodities are used only in the food service program. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Human Services and recorded as inventory and deferred revenue when received. When requisitioned, inventory and deferred revenue are relieved, expenditures are charged, and revenue is recognized for an equal amount.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The cost of prepaid items is recorded as expenditures when consumed rather than purchased.

c. Cash and Cash Equivalents

Cash equivalents include demand deposits as well as short-term, highly liquid investments readily convertible to cash. Cash equivalents are reported as cash and temporary investments.

d. Investments

Investments are recorded at fair value.

e. Capital Assets

Capital assets, land, buildings, construction in progress and furniture and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are reported at cost or estimated historical cost. Capital assets have an individual cost of \$5,000 or more. Donated capital assets are recorded at their estimated fair market value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

	Estimated
<u>Asset Class</u>	<u>Useful Lives</u>
Infrastructure	30
Buildings	50
Building Improvements	20
Vehicles	2-15
Office Equipment	3-15
Computer Equipment	3-15

f. Deferred Outflows and Inflows of Resources

In addition to assets, the statements of financial position (the government-wide Statement of Net Position and governmental funds balance sheet) will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position and/or fund balance that applies to one or more future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time.

g. Bonds Payable

In the government-wide financial statements, long-term debt obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the term of the bonds using the effective interest method.

The fund financial statements recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums are reported as other financing sources. Discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

h. Inter-fund Receivables and Payables

Inter-fund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as inter-fund receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

i. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates.

j. Data Control Codes

Data Control Codes appear in the rows and above the columns of certain financial statements. These codes refer to the account code structure prescribed by the Texas Education Agency in the *Financial Accountability System Resource Guide*. The TEA requires the display of these codes in the financial statements filed with TEA in order to ensure accuracy in building a statewide database for policy development and funding plans.

k. Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance - represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance - represents amounts that can only be used for a specific purpose because of a formal action by the District's Board of Trustees. Committed amounts cannot be used for any other purpose unless the Board of Trustees removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Board of Trustees. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance - represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Board of Trustees or by an official or body to which the Board of Trustees delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

Unassigned Fund Balance - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

l. Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

m. Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

4. Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS' fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

5. Other Post-Employment Benefits

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

B. Compliance and Accountability

1. Finance-Related Legal and Contractual Provisions

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance related legal and contractual provisions, The District did not incur any such violations in the current year.

2. Deficit Fund Balance or Fund Net Position of Individual Funds

The District's fund balances did not experience deficit fund balances in the current year.

C. Deposits and Investments

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

1. Cash Deposits:

At June 30, 2019, the carrying amount of the District's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$2,239,526 and the bank balance was \$3,517,795. The District's cash deposits at June 30, 2019 and during the year ended June 30, 2019, were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

2. Investments:

The District is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the District adhered to the requirements of the Act. Additionally, investment practices of the District were in accordance with local policies.

The Act determines the types of investments which are allowable for the District. These include, with certain restrictions, 1) obligations of the U.S. Treasury, U.S. agencies, and the State of Texas, 2) certificates of deposit, 3) certain municipal securities, 4) securities lending program, 5) repurchase agreements, 6) bankers acceptances, 7) mutual funds, 8) investment pools, 9) guaranteed investment contracts, and 10) commercial paper.

The District's investment at June 30, 2019 is shown below.

<u>Investment of Investment Type</u>	<u>Rating</u>	<u>Maturity</u>	<u>Fair Value</u>
Lone Star Investment Pool	AAA	50 days	\$ 53,257,330
Texas Class	AAA	51 days	<u>\$ 27,730,201</u>
Total Investments			<u><u>\$ 80,987,531</u></u>

3. Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not significantly exposed to credit risk.

At June 30, 2019, the District's investments, other than those which are obligations of or guaranteed by the U. S. Government, are rated as to credit quality as follows:

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

At year end, the District was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

Investment Accounting Policy

The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

Lone Star

The Lone Star Investment Pool (Lone Star) is a public funds investment pool created pursuant to the Interlocal Cooperation Act, Texas Government Code, Chapter 791, and the Public Funds Investment Act, Texas Government Code, Chapter 2256. Lone Star is administered by First Public, a subsidiary of the Texas Association of School Boards (TASB), with Standish and American Beacon Advisors managing the investment and reinvestment of Lone Star's assets. State Street Bank provides custody and valuation services to Lone Star. All of the board of trustees' eleven members are Lone Star participants by either being employees or elected officials of a participant. Lone Star has established an advisory board composed of both pool members and non-members. Lone Star is rated AAA by Standard and Poor's and operated in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. The District is invested in the Corporate Overnight Plus Fund of Lone Star which seeks to maintain a net asset value of one dollar. Lone Star has 3 different funds: Government Overnight, Corporate Overnight and Corporate Overnight Plus. All three funds maintain a net asset value of one dollar.

Texas Class

The Texas Cooperative Liquid Assets Securities System Trust (Texas Class) was created as a local government investment pool pursuant to section 2256.016 of the Public Funds Investment Act, Texas Government code (PFIA). The Texas Class Trust Agreement is an agreement of indefinite term regarding the investment reinvestment, and withdrawal of local government funds. The Texas local government entities that choose to participate in the Trust, Public Trust Advisors, LLC (Public Trust) as program administrator, and Wells Fargo Bank Texas, N.A. as custodian. Texas Class is overseen by the Texas Class board of trustees that comprised of active members of the pool and elected by the participants guided by the advisory board. The board is responsible for selecting the administrator and investment advisor. The board retains the services of Public Trust Advisors, LLC. Texas Class is rated AAA by S&P Global ratings. The District is invested in the Texas Class and the Texas Class Government funds. Both funds seek to maintain a net asset value of one dollar.

G. Capital Leases

The District accounts for short-term debts through the appropriate funds. Short-term debts include leases made in accordance with the provisions of the Texas Education Code.

In September 2017, the District entered into a capital lease agreement for eight hundred combination of Chromebooks and Dell Latitudes for 3 years with the option to purchase.

In December 2017, the District entered into a capital lease agreement for four hundred iPad and Otter Box cases for 3 years with the option to purchase.

In August 2018, the District entered into a capital lease agreement for nine hundred combination of Chromebooks and Dell Latitudes for 3 years with the option to purchase.

In September 2018, the District entered into a capital lease agreement for fourteen hundred iPad and Otter Box cases for 3 years with the option to purchase.

The interest rate and payments are outlined below:

Date of Issue and Purpose	Interest Rate	Maturity Date	Amounts Outstanding 7/1/2018	Issued Current Year	(Retired) Current Year	Amounts Outstanding 6/30/2019	Interest Current Year
9/1/2017							
Dell Chromebooks	1.85%	2020	\$ 261,181	\$ -	\$ (261,181)	\$ -	\$ 18,259

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

2. Debt Service Requirements

Debt service requirements on long-term debt at June 30, 2019, are as follows:

Year Ending June 30	Governmental Activities		
	Principal	Interest	Total Requirements
2020	\$ 5,280,000	\$ 3,851,650	\$ 9,131,650
2021	3,600,000	5,261,275	8,861,275
2022	3,930,000	5,137,600	9,067,600
2023	4,280,000	4,991,025	9,271,025
2024	5,490,000	3,156,575	8,646,575
2025-2029	24,260,000	12,722,000	36,982,000
2030-2034	27,245,000	8,228,244	35,473,244
2035-2039	29,180,000	2,894,950	32,074,950
Thereafter	3,680,000	64,400	3,744,400
Total	<u>\$ 106,945,000</u>	<u>\$ 46,307,719</u>	<u>\$ 153,252,719</u>

On July 15, 2014, the District issued \$6,550,000 in Unlimited Tax Building Bonds with an interest rate between 2% to 4%. In addition, \$2,740,000 in Unlimited Tax Refunding Bonds were issued, along with additional funds of the district to refund \$3,000,000 of the District's 2007A Series, Unlimited Tax Building Bonds. The net proceeds of \$3,272,859 were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded 2007A Series bonds. As a result, this portion of the 2007A Series bonds are considered under Texas State law, to be defeased in-substance and the liability for those bonds has been removed from the Statement of Net Position.

The difference between the principal amount of \$9,290,000 and the sales price of \$9,994,189 represents the unamortized premium. The premium was being amortized over the life of the bonds using the interest method and is presented as an addition to the face value of the bonds. The amortization for the year ended June 30, 2019 was \$35,209.

The advanced refunding of the 2007A Series bonds resulted in a \$552,037 difference between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the financial statements as a deferred outflow of resources, is being amortized over the life of the Series 2007A debt in accordance with GASB 7 entitled Advanced Refundings Resulting in Defeasance of Debt. This transaction resulted in future cash flow savings of \$376,267 through 2039 and an economic gain (difference between the present value of the old and new debt service payments) of \$297,302.

On February 18, 2015, the District issued \$8,685,000 in Unlimited Tax Refunding Bonds with an interest rate between 3.0% to 4.5%, along with additional funds of the district, to refund \$9,065,000 of the 2007A Unlimited Tax Building Bonds. The net proceeds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded 2007A Series bonds. As a result, this portion of the 2007A Series bonds are considered under Texas

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

State law, to be defeased in-substance and the liability for those bonds has been removed from the Statement of Net Position.

The difference between the principal amount of \$8,685,000 and the sales price of \$9,750,963 represents the unamortized premium. The premium is being amortized over the life of the bonds using the interest method and is presented as an addition to the face value of the bonds. The amortization for the year ended June 30, 2019 was \$45,147.

The advanced refunding of the 2007A Series bonds resulted in a \$528,035 difference between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the financial statements as a deferred outflow of resources, is being amortized over the life of the Series 2007A debt in accordance with GASB 7 entitled Advanced Refundings Resulting in Defeasance of Debt. This transaction resulted in future cash flow savings of \$1,808,334 through 2039 and an economic gain (difference between the present value of the old and new debt service payments) of \$1,381,298.

On April 15, 2016, the District issued \$9,025,000 in Unlimited Tax Refunding Bonds, Series 2016A with an interest rate between 2.0% and 3%, to refund \$9,085,000 of the 2007A Unlimited Tax School Building Bonds. The net proceeds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded 2007A Series bonds. As a result, this portion of the 2007A Series bonds are considered under Texas State law, to be defeased in-substance and the liability for those bonds has been removed from the Statement of Net Position.

The difference between the principal amount of \$9,025,000 and the sales price of \$9,468,830 represents the unamortized premium. The premium is being amortized over the life of the bonds using the interest method and is presented as an addition to the face value of the bonds. The amortization for the year ended June 30, 2019 was \$24,352.

The advanced refunding of the 2007A Series bonds resulted in a \$200,634 difference between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the financial statements as a deferred outflow of resources, is being amortized over the life of the Series 2006 debt in accordance with GASB 7 entitled Advanced Refundings Resulting in Defeasance of Debt. This transaction resulted in future cash flow savings of \$2,629,695 through 2037 and an economic gain (difference between the present value of the old and new debt service payments) of \$2,147,739.

On May 1, 2016, the District issued \$4,945,000 in Unlimited Tax Refunding Bonds, Series 2016B with an interest rate of 4.0%, along with additional funds of the district, to refund \$4,946,809 of the 2006 Unlimited Tax Refunding Bonds. The net proceeds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded 2006 Series bonds. As a result, this portion of the 2006 Series bonds are considered under Texas State law, to be defeased in-substance and the liability for those bonds has been removed from the Statement of Net Position.

The difference between the principal amount of \$4,945,000 and the sales price of \$9,955,501 represents the unamortized premium. The premium is being amortized over the life of the bonds using the interest method and is presented as an addition to the face value of the bonds.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

The amortization for the year ended June 30, 2019 was \$247,827.

The advanced refunding of the 2006 Series bonds resulted in a \$6,366,483 difference between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the financial statements as a deferred outflow of resources, is being amortized over the life of the Series 2006 debt in accordance with GASB 7 entitled Advanced Refundings Resulting in Defeasance of Debt. This transaction resulted in future cash flow savings of \$2,972,404 through 2022 and an economic gain (difference between the present value of the old and new debt service payments) of \$2,811,152.

On January 15, 2017, the District issued \$30,090,000 in Unlimited Tax Refunding Bonds, Series 2017 with an interest rate between 3% and 5%, along with additional funds of the district, to refund \$23,210,000 of the 2008 Unlimited Tax School Building Bonds and \$7,985,000 of the 2009A Unlimited Tax School Building Bonds. The net proceeds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded 2008 and 2009A Series bonds. As a result, this portion of the 2008 and 2009A Series bonds are considered under Texas State law, to be defeased in-substance and the liability for those bonds has been removed from the Statement of Net Position.

The difference between the principal amount of \$30,090,000 and the sales price of \$31,590,120 represents the unamortized premium. The premium is being amortized over the life of the bonds using the interest method and is presented as an addition to the face value of the bonds. The amortization for the year ended June 30, 2019 was \$56,013.

The advanced refunding of the 2008 and 2009A Series bonds resulted in a \$903,360 difference between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the financial statements as a deferred outflow of resources, is being amortized over the life of the Series 2006 debt in accordance with GASB 7 entitled Advanced Refunding. Resulting in Defeasance of Debt. This transaction resulted in future cash flow savings of \$9,490,094 through 2039 and an economic gain (difference between the present value of the old and new debt service payments) of \$6,182,273.

On February 1, 2019, the District issued \$51,880,000 in Unlimited Tax Building Bonds, Series 2019 with an interest rate between 3% and 5%. The net proceeds will be used for construction, acquisition and equipment of school buildings in the district, the purchase of new buses and the issuance cost.

The difference between the principal amount of \$51,880,000 and the sales price of \$55,737,732 represents the unamortized premium. The premium is being amortized over the life of the bonds using the interest method and is represented as an addition to the face value of the bonds. The amortization for the year ended June 30, 2019 was \$175,351.

There are a number of limitations and restrictions contained in the general obligation bond indentures. Management has indicated that the District is in compliance with all significant limitations and restrictions at June 30, 2019.

In prior years the District defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

the Statement of Net Position.

The defeased bonds outstanding at June 30, 2019 are as follows:

<u>Bond Issue</u>	<u>Amount</u>
Series 2006	\$ 3,504,943
Series 2007A	19,825,000
Series 2008	22,515,000
Series 2009A	7,985,000
Total	<u>\$ 53,829,943</u>

I. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2019, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

J. Pension Plan

1. Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

2. Pension Plan Fiduciary Net Position

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/TRS%20Documents/cafr_2018.pdf; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

3. Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs, can be granted by the Texas Legislature as noted in the Plan description in (1.) above.

4. Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 85rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2018 and 2019.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

	<u>Contribution Rates</u>	
	2018	2019
Member	7.70%	7.70%
Non-employer Contributing Entity (NECE-State)	6.80%	6.80%
Employers	6.80%	6.80%
District's Employer contributions	\$ 855,113	\$ 855,504
District's Member Contributions	\$ 2,226,561	\$ 2,254,751
District's NECE On-Behalf Contributions	\$ 1,444,542	\$ 1,455,194

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to:

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution the state contribution as an employment after retirement surcharge.
- When a school district or charter school does not contribute to the Federal Old-Age,

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

5. Actuarial Assumptions

The total pension liability in the August 31, 2017 actuarial evaluation rolled forward to August 31, 2018 was determined using the following actuarial assumptions:

Valuation Date	August 31, 2017, rolled forward to August 31, 2018
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
	3.69%, Sourced from fixed Income, municipal bonds with 20 years to maturity that include Only federal
Single Discount Rate	tax-exempt municipal bonds as Reported in Fidelity Index's "20-Year Municipal GO AA Index" as Of August 31, 2018
Aging Factors	Based on plan specific experience
Election Rates	Normal Retirement: 70% Participants prior to age 65 and 75% after age 65
Expenses	Third-party administrative Expenses related to the delivery of Health care benefits are included In the age-adjusted claims costs
Projected Salary Increases including inflation	3.5% to 9.5%
Ad hoc post-employment benefit changes	None.

The actuarial methods and assumptions are based primarily on a study of actual experience for the three year period ending August 31, 2017 and adopted on July 2018.

6. Discount Rate

The single discount rate used to measure the total pension liability was 6.907%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent and a municipal bond rate of 3.69 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was sufficient to finance the benefit payments until the year 2069. As a result,

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

the long expected rate of return on pension plan investments was applied to projected benefit payments through the year 2069, and the municipal bond rate was applied to all benefit payments after that date. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2018 are summarized below:

Teacher Retirement System of Texas
Asset Allocation and Long-Term Expected Real Rate of Return
As of August 31, 2018

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

7. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the net pension liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the Net Pension Liability.

	1% Decrease in Discount Rate <u>5.907%</u>	Discount Rate <u>6.907%</u>	1% Increase in Discount Rate <u>7.907%</u>
District's proportionate share of the net pension liability	\$ 21,247,593	\$ 14,078,342	\$ 8,274,407

8. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported a liability of \$14,078,342 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$14,078,342
State's proportionate share that is associated with District	<u>23,791,421</u>
Total	<u><u>\$37,869,763</u></u>

The net pension liability was measured as of August 31, 2017 and rolled forward to August 31, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2017 through August 31, 2018.

At August 31, 2018 the employer's proportion of the collective net pension liability was 0.025577% which was an increase (decrease) of 0.001347% from its proportion measured as of August 31, 2017.

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period:

- The Total Pension Liability as of August 31, 2018 was developed using a roll-forward

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

method from the August 31, 2017 valuation.

- Demographic assumptions including post-retirement mortality, termination rates, and rates of retirement were updated based on the experience study performed for TRS for the period ending August 31, 2017.
- Economic assumptions including rates of salary increase for individual participants was updated based on the same experience study.
- The discount rate changed from 8.0 percent as of August 31, 2017 to 6.907 percent as of August 31, 2018
- The long-term assumed rate of return changed from 8.0 percent to 7.25 percent.
- The change in the long-term assumed rate of return combined with the change in the single discount rate was the primary reason for the increase in the Net Pension Liability.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2019, the District recognized pension expense of \$2,354,717 and revenue of \$2,354,717 for support provided by the State.

At June 30, 2019, the District reported its proportionate share of the TRS' deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 87,753	\$ 345,427
Changes in actuarial assumptions	5,075,920	158,623
Difference between projected and actual investment earnings	-	267,127
Changes in proportion and difference between the District's contributions and the proportionate share of contributions	1,264,999	65,645
Total as of August 31, 2019 measurement date	<u>6,428,672</u>	<u>836,822</u>
Contributions paid to TRS subsequent to the measurement date	<u>721,248</u>	<u>-</u>
Total	<u><u>\$ 7,149,920</u></u>	<u><u>\$ 836,822</u></u>

The net amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

K. Defined Other Post Employment Benefit Plans

1. TRS-Care

a. Plan Description

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post Benefit (OPEB) plan that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS) Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575.

b. OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

c. Benefits Provided

TRS-Care provides a basic health insurance coverage (TRS-Care 1), at no cost to all retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible retirees and their dependents not enrolled in Medicare may pay premiums to participate in one of two optional insurance plans with more comprehensive benefits (TRS-Care 2 and TRS-Care 3). Eligible retirees and dependents enrolled in Medicare may elect to participate in one of the two Medicare health plans for an additional fee. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. There are no automatic post-employment benefit changes; including automatic COLAs.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

The premium rates for the optional health insurance are based on years of service of the member. The schedule below shows the monthly rates for the average retiree with and without Medicare coverage.

TRS-Care Monthly for Retirees		
January 1, 2018 thru December 31, 2018		
	<u>Medicare</u>	<u>Non-Medicare</u>
Retiree*	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree* and Children	468	408
Retiree and Family	1,020	999

* or surviving spouse

d. Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is .75% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>Contribution Rates</u>	
	<u>2018</u>	<u>2019</u>
Member	0.65%	0.65%
Non-employer Contributing Entity (NECE-State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding Remitted by Employers	1.25%	1.25%
District's Employer contributions	\$ 208,447	\$ 254,107
District's Member Contributions	\$ 187,702	\$ 190,336
District's NECE On-Behalf Contributions	\$ 250,153	\$ 337,131

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (*regardless of whether or not they participate in the TRS Care OPEB program*). When employers hire a TRS retiree, they are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$182.6 million in fiscal year 2018. The 85th Texas Legislature, House Bill 30 provided an additional \$212 million in one-time, supplemental funding for fiscal year 2018-19 biennium to continue to support the program. This was also received in FY2018 bringing the total appropriations received in fiscal year 2018 to \$394.6 million.

e. Actuarial Assumptions

The total OPEB liability in the August 31, 2017 was rolled forward to August 31, 2018. The actuarial valuation was determined using the following actuarial assumptions: *Actuarial Assumptions can be found in the 2018 TRS CAFR, Note 9, page 71.*

The following assumptions and other inputs used for members of TRS-Care are identical to the assumptions used in the August 31, 2017 TRS pension actuarial valuation that was rolled forward to August 31, 2018:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected
Payroll Growth Rates of Disability Incidence	

Additional Actuarial Methods and Assumptions: See note I. 5.

Other Information: In this valuation, the impact of the Cadillac Tax has been calculated as a portion of the trend assumptions. Assumptions and methods used to determine the impact of the Cadillac Tax include:

- 2018 thresholds of \$850/\$2,292 indexed annually by 2.50 percent.
- Premium data submitted was not adjusted for permissible exclusions to the Cadillac Tax.
- There were no special adjustments to the dollar limit other than those permissible for non-Medicare retirees over 55.

Results indicate that the value of the excise tax would be reasonably represented by a 25 basis point addition to the long-term trend rate assumption.

f. Discount Rate

A single discount rate of 3.69% was used to measure the total OPEB liability. There was an increase of .27 percent in the discount rate since the previous year. *The Discount Rate can be found in the 2018 TRS CAFR on page 71.* Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to *not be able to* make all future benefit payments of current plan members. Therefore, the municipal bond rate

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

was applied to all periods of projected benefit payments to determine the total OPEB liability.

g. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.42%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate <u>2.69%</u>	Discount Rate <u>3.69%</u>	1% Increase in Discount Rate <u>4.69%</u>
District's proportionate share of the net opeb liability	\$ 21,174,166	\$ 17,788,281	\$ 15,109,828

h. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2019, the District reported a liability of \$17,778,281 for its proportionate share of the TRS's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net opeb liability	\$17,788,281
State's proportionate share that is associated with District	<u>24,435,887</u>
Total	<u>\$42,224,168</u>

The Net OPEB Liability was measured as of August 31, 2017 and rolled forward to August 31, 2018 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer's proportion of the Net OPEB Liability was based on the employer's contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2017 thru August 31, 2018.

At August 31, 2019 the employer's proportion of the collective Net OPEB Liability was 1.57%, compared to 0.91% as of August 31, 2018.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the assumed 8.5% rate is used.

	1% Decrease in Healthcare Trend Rate <u>7.50%</u>	Current Single Healthcare Trend Rate <u>8.50%</u>	1% Increase in Healthcare Trend Rate <u>9.50%</u>
District's proportionate share of the net opeb liability	\$ 14,773,457	\$ 17,788,281	\$ 21,758,869

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period: *These can be found in the TRS CAFR on page 73.*

For the year ended August 31, 2019, the District recognized OPEB expense of \$888,831 and revenue of \$888,831 for support provided by the State.

At August 31, 2019, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 943,958	\$ 280,725
Changes in actuarial assumptions	296,838	5,344,358
Difference between projected and actual investment earnings	3,111	-
Changes in proportion and difference between the District's contributions and the proportionate share of contributions	62	98,916
Total as of August 31, 2018 measurement date	<u>1,243,969</u>	<u>5,723,999</u>
Contributions paid to TRS subsequent to the measurement date	<u>214,540</u>	<u>-</u>
Total	<u><u>\$ 1,458,509</u></u>	<u><u>\$ 5,723,999</u></u>

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30	OPEB Expense Amount
2020	\$ (712,401)
2021	(712,401)
2022	(712,401)
2023	(712,989)
2024	(713,326)
Thereafter	(916,511)

2. Medicare Part D Subsidies

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for a Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended June 30, 2019, 2018, and 2017, the subsidy payments received by TRS-Care on behalf of the District were \$112,591, \$85,865, and \$82,396, respectively.

J. Employee Health Care Coverage

During the current fiscal period, employees of the District were covered by a statewide health insurance plan, TRS Active Care. The District paid premiums of \$225 per month per employee to the Plan with the State providing an additional \$75. Employees at their option, authorize payroll withholdings to pay premiums for dependent coverage. The Teacher Retirement System of Texas (TRS) manages TRS Active Care. The Plan is administered by Aetna.

The latest financial information on the statewide plan is available from TRS (see note on pension plan).

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

L. Deferred Inflow of Resources

Deferred inflows of resources at year end consisted of the following:

	General Fund	Debt Service Fund	Total
Taxes	\$ 1,768,610	\$ 378,475	\$ 2,147,085
Total Deferred Inflow of Resources	<u>\$ 1,768,610</u>	<u>\$ 378,475</u>	<u>\$ 2,147,085</u>

M. Due From Other Governments

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of June 30, 2019, are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Receivables from Other Governments.

Fund	State Entitlements	Federal Grants	Due From Other Governments	Total

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

O. Commitments and Contingencies

1. Contingencies

The District participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

2. Litigation

No reportable litigation was pending against the District at June 30, 2019.

P. Shared Services Arrangements

Shared Services Arrangement - Fiscal Agent

The District is the fiscal agent for Shared Services Arrangements ("SSA") which provide services to the member districts listed below. All services are provided by the fiscal agent. The member districts are provided funds from the fiscal agent. According to guidance provided in TEA's Resource Guide, the District has accounted for the fiscal agent's activities of the SSA in a special revenue fund and will be accounted for using Model 1 in the SSA section of the Resource Guide. Expenditures of the SSA are summarized below:

<u>Member Districts</u>	<u>Expenditures</u>
Burnet CISD	\$ 114,925
Fredricksburg ISD	-
Total	<u>\$ 114,925</u>

 TEACHER RETIREMENT SYSTEM OF TEXAS
 FOR FISCAL YEAR 2019

	2019	2018
Contractually Required Contribution	\$ 245,767	\$ 186,151
Contribution in Relation to the Contractually Required Contribution	245,767	186,151
Contribution Deficiency (Excess)	\$ -0-	\$ -0-
District's Covered Payroll	\$ 29,274,576	\$ 28,920,646
Contributions as a Percentage of Covered Payroll	0.84%	0.64%

Note: GASB Codification, Vol. 2, P50.238 requires that the data in this schedule be presented as of the District's respective fiscal years as opposed to the time periods covered by the measurement dates ending August 31 of the preceding year.

Information in this schedule should be provided only for the years where data is available. Eventually 10 years of data should be presented.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY
INFORMATION FOR THE YEAR ENDED JUNE 30, 2019

Budget

The official budget was prepared for adoption for all Governmental Fund Types. The budget was prepared in accordance with accounting practices generally accepted in the United States of America. The following procedures are followed in establishing the budgetary data:

- a. Prior to June 20 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- b. A meeting of the Board is then called for the purpose of adopting the proposed budget after ten days' public notice of the meeting has been given.
- c. Prior to the beginning of the fiscal year, the budget is legally enacted through passage of a resolution by the Board.

Once a budget is approved, it can be amended at function and fund level only by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings.

Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board and are not made after fiscal year end as required by law.

Each amendment is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either cancelled or appropriately provided for in the subsequent year's budget. There were no end-of-year outstanding encumbrances that were provided for in the subsequent year's budget.

Defined Benefit Pension Plan

Changes of benefit terms

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of assumptions

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

Combining Statements and Budget Comparisons as Supplementary Information.

This supplementary information includes financial statements and schedules not required by the Governmental Accounting Standards Board, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Trustees
Marble Falls Independent School
District Marble Falls, Texas

Members of the Board:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Marble Falls Independent School District, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Marble Falls Independent School District's basic financial statements, and have issued our report thereon dated October 4, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Marble Falls Independent School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Marble Falls Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Marble Falls Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS (CONTINUED)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Marble Falls Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Marble Falls Independent School
District Marble Falls, Texas

Members of the Board:

Report on Compliance for Each Major Federal Program

We have audited the Marble Falls Independent School District's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on Marble Falls Independent School District's major federal program for the year ended June 30, 2019. Marble Falls Independent School District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Marble Falls Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Marble Falls Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE (CONTINUED)

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Marble Falls Independent School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the Marble Falls Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Marble Falls Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Marble Falls Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Marble Falls Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL
AWARDS FOR THE YEAR ENDED JUNE 30, 2019

Basis of Presentation

A. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award grant activity of the District under programs of the federal government for the year. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

B. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

C. Subrecipients

The District has no subrecipients.

D. Child Nutrition Cluster

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

E. Food Donation Program

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program(s) [National School Lunch Program (Non-Cash)] that benefitted from the use of those donated food commodities.

F. Matching Requirements

Certain Federal programs require the District to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT
 SCHEDULE OF REQUIRED RESPONSES TO SELECTED SCHOOL FIRST INDICATORS
 AS OF JUNE 30, 2019

Data Control Codes		Responses
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement at fiscal year end?	No
SF4	Was there an unmodified opinion in the Annual Financial Report?	Yes
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over financial reporting and compliance for local, state or federal funds?	No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts and laws related to local, state or federal funds?	No
SF7	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforde Commission (TWC), Internal Revenue Service (IRS), and other governmental agencies?	Yes
SF8	Did the school district <u>not</u> receive an adjusted repayment schedule for more than one fiscal year for an over allocation of Foundation School Program (FSP) funds as a result of a financial hardship?	Yes
SF10	What was the total accumulated accretion on capital appreciation bonds (CABs) included in government-wide financial statements at fiscal year-end?	\$ 5,009,634
SF11	Net Pension Assets (object 1920) at fiscal year-end.	\$ -
SF12	Net Pension Liabilities (object 2540) at fiscal year-end.	\$ 14,078,342
SF13	Pension Expense (object 6147) at fiscal year-end.	\$ -

In correspondence to all school administrators dated November 1, 2017, the TEA's Director of Financial Compliance stated "For 2017, and until further notice, no data should be entered in the field for data feed Schedule L-1 question SF 13. If the AFR and data feed has been submitted no additional steps need to be taken."
